Is a Shield Spectrum PPO plan right for you?

You may have a family and want thorough coverage for doctor visits, prescription drugs and hospital care. With a wide range of deductible options to meet your needs, Shield Spectrum PPO℠ plans make it easy to visit the doctors and specialists you want and let you choose your deductible coverage. Keep in mind, when you receive care from Blue Shield PPO network providers your out-of-pocket costs are always lower.

Shield Spectrum PPO plan advantages

Wide range of annual deductibles, and when two or more family members are on one plan, each covered individual has his or her own individual deductible, in case only one person needs expensive medical care.

Many services are covered before you meet the annual deductible.

Copayment/coinsurance maximums help contain costs, because your family copayment maximum is only twice the individual amount, no matter how many people are covered.

● Plan benefits provided before you need to meet the medical deductible.

1 Member is responsible for fixed dollar or percentage copayment or coinsurance in addition to any charges above allowable amounts. The coinsurance/copayment percentage indicated is a percentage of the allowable amounts. Preferred providers accept Blue Shield allowable amounts as payment in full for covered services. Non-preferred providers can charge more than these amounts. When members use non-preferred providers, they must pay the applicable copayment percentage of the allowable amount or coinsurance plus any charges that exceed Blue Shield's allowable amount. Charges above the allowable amount do not count toward the plan deductible or copayment/coinsurance maximum.

2 These copayments do not count toward the copayment/coinsurance maximum, and will continue to be charged once it is reached.

3 For non-emergency hospital services and supplies received from a non-preferred hospital, Blue Shield's payment is limited to $250 per day. Members are responsible for all charges that exceed $250 per day.

4 Participating ASCs may not be available in all areas. Regardless of their availability, you can obtain outpatient surgery services from a hospital, or an ASC affiliated with a hospital with payment according to your health plan's hospital services benefits. The maximum allowed charge for non-emergency surgery and services performed in a non-participating ASC is $300 per day; members are responsible for 50% of this $300 per day, plus all charges in excess of $300.

5 Bariatric surgery is covered when pre-authorized by Blue Shield. However, for members residing in Imperial, Kern, Los Angeles, Orange, Riverside, San Bernardino, San Diego, Santa Barbara, and Ventura counties ("designated counties"), bariatric surgery services are covered only when performed at designated contracting bariatric surgery facilities and by designated contracting surgeons; coverage is not available for bariatric services from any other preferred provider, and there is no coverage for bariatric services from non-preferred providers. In addition, if prior authorized by Blue Shield, a member in a designated county who is required to travel more than 50 miles to a designated bariatric surgery facility will be eligible for limited reimbursement for specified travel expenses for the member and one companion. Refer to the EOC/Policy for further benefit detail.

6 If a member requests a brand-name drug, or the physician indicates "dispense as written" (DAW) for a prescription when an equivalent generic drug is available, and the brand-name drug deductible has been satisfied, the member pays the generic copayment plus the cost difference between the brand and generic drug. The $150/$300 max/prescription for non-formulary brand-name drugs does not apply to Blue Shield Life Shield Spectrum PPO Plans 2000 or 1500. Prescription coverage differs for home self-injectables. Refer to the EOC/Policy for further benefit detail.

7 All covered orthotic equipment and services have a benefit maximum of $1,000 per member per calendar year, except those services covered under the diabetes care benefit. All covered prostheses and durable medical equipment have a benefit maximum of $2,000 per member per calendar year.

8 Blue Shield has contracted with a specialized healthcare service plan to act as our mental health services administrator (MHSA). The MHSA provides mental health and chemical dependency services, other than inpatient services for medical acute detoxification, through a separate network of MHSA participating providers. Inpatient medical acute detoxification is a medical benefit provided by Blue Shield preferred or non-preferred (not MHSA) providers.

9 For MHSA participating providers, initial visit treated as if the condition were a severe mental illness or serious emotional disturbance of a child. For MHSA non-participating providers, initial visit treated as an MHSA participating provider.
